

## **RFP 0689-2023-002 Campus Bookstore Operations Questions and Answers**

1. Current Student Information System is Jenzabar POISE PX
  - a. We will be replacing with Workday Student in Fall 2024
2. Current Learning Management System is Blackboard
3. Would there be interest in implementing an equitable access, in-tuition solution?
  - a. At this point, I do not envision that as a campus wide solution, but I could see us going to that at a departmental level if it made sense
4. There are not any current inclusive access course material adoptions on campus
5. Would the University of Arkansas Community College at Morrilton consider self-operating a physical retail store with a vendor providing online course materials solutions, allowing students to pick up course material orders within the retail store?
  - a. I would say that is not in our current plans, but if the proposal made sense, we are not ruling out any potential options at this time.
6. Fall 2021 Credit hours = 19788
7. Fall 2022 Credit Hours = 19146
8. Spring 2022 Credit Hours = 16638
9. Summer 2022 Credit Hours = 2731
  
10. We do not currently have any full program or course OER classes, but we have a few faculty members that do choose to use it on their own (less than 5)
